## WHO ARE WE?

Loyola School, Baripada is an ICSE School established by Jesuits of Janshedpur province. It belongs to a minority community. Jesuit education strives for the formation of men and women of conscience, competence, compassion and commitment. In today's competitive world when the education is being commercialised, communalised and corporatised, we, the Jesuits, are committed to prepare students who are intellectually competent, morally sound and spiritually strengthened. Therefore we actively promote academic and human excellence leading to critical thinking, spiritual depth and a change of mindset that embraces the entire cosmos as our one common heritage and home.

# Our Mission

## Holistic Education

At Loyola school, we aim to create a conducive environment in which children can learn, play and grow into a capable and responsible citizen of tomorrow. We believe that everyone has the right to achieve their full potential, socially, emotionally and academically. Thus, we teach a broad and balanced curriculum which promotes logical and creative thinking of young minds.

Therefore, it needs the accompaniment of parents, teachers and all men and women of good will to walk together. The African proverb says, "if you want to go fast, go alone but if you want to go far, go together." Let's travel a far distance with far sightedness and invest our resources on our children's education because 'education is the best investment whose dividend we get till the end of time.' God bless you all.

"All the well-being of Christianity and of the whole world depends on the proper education of youth"

**LOYOLA: Where Tradition Meets Tomorrow**

When a child enters Loyola, they step into a living tradition of Jesuit education that has been shaping minds and hearts across the world for more than four centuries. From the earliest Jesuit schools in Europe to today's global network of institutions, this heritage is marked by rigorous academics, a deep concern for the whole person, and an unwavering commitment to faith and justice. Loyola School, Baripada, stands proudly in this lineage, bringing that same global legacy to the heart of Mayurbhanj and placing world-class formation within reach of every student we serve.

**A Legacy of 400 Years:**

More Than a School, A Foundation for Life:

At Loyola, education is intentionally designed to form “persons for and with others” – young people who think critically, choose wisely, and act generously in the world. Classrooms, assemblies, co-curricular activities, and community outreach are all woven into a single journey of intellectual growth, moral clarity, and spiritual depth. Parents who choose Loyola join a community that partners with them in raising children who are not only academically accomplished, but also grounded in conscience, courageous in leadership, and ready to place their gifts at the service of others for life.
